ECOQUAD-S

36V battery: better performance and less overheating

Battery replacable in 5 minutes thanks to QEX quick extraction rail

More than 7 hours of run time

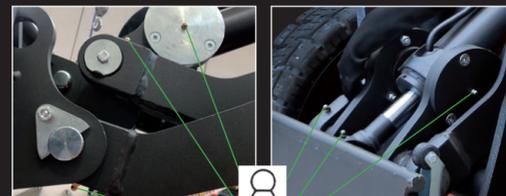

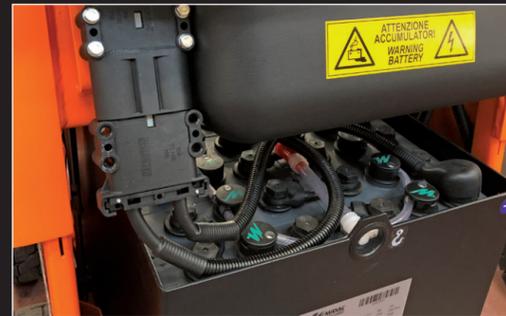

Power setting from 10% to 100%

4 hydraulic engines with hydrostatic braking system

High efficiency engine

## ZERO EMISSION

Worky Quad ECOQUAD-S is a zero-emission machine.

The powerful 36 Volt battery with 3 year warranty moves the 4 next-gen hydraulic engines with very important performances for a 4WD hydrostatic drive and hydrostatic braking system.

The greasing system is easily accessible and is guaranteed on all the knuckles prone to greater wear.

Finally, the noise emission is zero, that means less stress for the operator and greater productivity.

Comfortable driving position with soft rubber side bumpers. Controls well-placed for an always safe driving without taking your hands off the handles.

A wide range of attachments allows to operate in many situations and various fields such as agriculture, construction, gardening, municipal and private maintenance.

- Lifting capacity: 450 Kg. (with countweights)
- Engine capacity: 5,7 kW
- Hydraulic system: 20 lt/min

**SSQ ECOQUAD-S LOADER**  
 Engine: Permanent magnets  
 Revolutions per minute: 2500  
 Battery Type: traction battery  
 Voltage: 36V  
 Battery capacity: 240Ah  
 Drive system: Hydrostatic 4WD wheel motors  
 Hydraulic tank capacity: 15 lt  
 Standard tyres: 4.00-8 Forklift  
 Steering: Skid steering  
 Kerb weight: 850 Kg
